

CASTED

Casting And Splinting Techniques in the Emergency Department

*Designed specifically for
ED physicians and staff*

10.02

The “Hands-On”
ED Orthopedics Course

“CASTED WAS MORE RELEVANT TO MY PRACTICE THAN ALL MY MONTHS OF ORTHO TRAINING COMBINED”

— Dr. D.N., MD, CCFP

CASTED covers the full spectrum of upper and lower extremity injuries that present to our EDs. **Please note: this CHEO course will be more pediatric focused than our regular CASTED courses.**

Using a combination of case presentations and hands-on casting and splinting, **CASTED** will review:

- ED orthopedic principles
- ED management of specific diagnoses
- ED casting, splinting and reduction techniques.

Focus is on ED cases that are:

- common
- commonly missed and
- commonly mismanaged.

CASTED is presented by **Dr. Arun Sayal**, an emergency physician who also runs a weekly Minor Fracture Clinic at North York General Hospital in Toronto. He has presented over 75 ED orthopedic workshops and lectures, received numerous teaching awards, and all without ever mentioning the words “osteoclast”, “cancellous”, or “consider a 12mm lag screw”!

The day runs from 8am - 6:00pm and includes 4 hours of “hands-on” with emphasis on:

- numerous ED fracture and dislocation reduction techniques
- proper molding and positioning
- appropriate use of removable splints

CASTED limits the number of participants per day to allow for more direct supervision and interaction. You are promised a day full of numerous clinical pearls that you will use on your next shift!

CME Accreditation:

This program meets the accreditation criteria of the College of Family Physicians of Canada and has been accredited for **9.0 Mainpro-C** credits.

Fees:	If paying: by May 1 (GST)	after May 1 (HST)
