Requirements

NYGH Genetics Laboratories Terms & Conditions can be found on our website at <https://www.nygh.on.ca/areas-care/genetics/genetics-forms-and-additional-information>. These Terms & Conditions must be reviewed prior to placing an order.

Requisition

Complete this Requisition completely including:

- Patient information: patient's name, date of birth, sex and Ontario Health Card number
- Specimen information: specimen type, sample collection centre and date of collection
- Indication for Testing
- Reason for Referral
- Test(s) requested
- Referring physician name, address, phone and fax numbers and signature
- Any other relevant information

Sample Requirements

- *Peripheral Blood*: 3 mL of venous blood collected in a sodium heparin vacutainer labelled with the individual's first and last names and date of birth.
- *Bone Marrow*: 1~2 mL of bone marrow aspirate collected in a sodium heparin vacutainer labelled with the individual's first and last names and date of birth.
- *Paraffin-embedded Oncology Tissue Slides*:
 - 10% neutral buffered formalin-fixed paraffin-embedded tissue cut to 3-5 microns, mounted on positively charged slides (e.g. Surgipath SnowCoat X-tra) and dried at 50-60°C for 30-60 minutes.
 - One H&E stained slide with the area of interest clearly marked, or documentation that any area of the tissue may be used.
 - One slide per FISH probe ordered + 2 extra slides for repeats.
 - Slides must be labelled with an identifier such as the Accession Number.

Please note: Do not send blocks. Only slides are accepted. Slides will not be returned.

Shipping Instructions

- Send requisition with specimens at **room temperature** for same day delivery (see address on the requisition).
